CROWD**

NEW!

Frosted Matt 30 weight

Not to shine is a state of mind

Frosted Matt is a polyester thread with a matte finish for industrial embroidery machines, offering **true colours without reflections**. Available in two weights, it's a great match for outstanding embroidery designs, creative accents, contours and contrast in thread mixes and for decorative sewing.

The lint-free surface ensures **good running properties** even with **small needles** and provides for minimal puckering on stretchy fabrics.

- ◉ **Colourfast “true” colours** with LF 6-8 (except neon colours, which have LF 3-4)
- ◉ **STANDARD 100** by OEKO-TEX®, product class I (suitable for baby and kidswear)
- ◉ Made in Germany
- ◉ **Sharp contours** and contrast for dimensional embroidery, highlights and lettering
- ◉ Shows the design's elements with accuracy, precision and clarity
- ◉ **Unique look** for high quality embroidery designs

*Frosted Matt thread is available in **two weights with dtex 180 (Frosted Matt 40) and dtex 350 (Frosted Matt 30)**. Please adapt the designs to the thread and test for the optimal settings on your machine depending on your fabrics, backing, needle and machine.*

FROSTED MATT 40

The original matte embroidery thread (since 2007)

100% polyester

Art. No. 940
10 x 2,500 m

Art. No. 942
10 x 1,000 m

dtex 180 (90 x 2)
den 160 (80 x 2)

60/8 - 75/11

201 colours

Stitch density:

approx. 0.3 - 0.4 mm

Indicative thread tension:

80 - 100 gf or cN

Optically like a 40 thread (where the name comes from), this thin thread is to be used like a 55-60 weight thread. It **runs with the finest needles without harming delicate fabrics**. Use it for sharp contours, fine lettering, small or very small details, to create contrast in thread-mix designs or just as your creative heart tells you.

FROSTED **MATT 30**

Thick non-reflective machine embroidery thread

100% polyester

Art. No. 944
10 x 2,500 m

dtex 350 (175 x 2)
den 320 (160 x 2)

70/10 - 80/12

96 colours

Stitch density:
approx. 0.5 - 0.6 mm

Indicative thread tension:
100 - 125 gf or cN

This thick, **real 30 weight thread** is made for eye-catching volume embroidery and larger surfaces. Use it for fillings, backgrounds, decorative stitching or sewing and dimensional designs with or without 3D foam, as well as for larger lettering. **Create stylish embroidery effects** on denim, shoes, accessories, streetwear, outdoor garments and many more.

INDIVIDUAL

Frosted Matt threads are comparable to no other thread.

The “cool” matte appearance makes **Frosted Matt** the **perfect thread for eye-catching decorative embroidery** and embellishment.

Delight your customers with its **classy, vibrant and avant-garde look**.

Spoil yourself with its **high performance on embroidery machines**.

△ max. 20g/l active chlorine - max. 30°C - max. 30 min
